“This is the VG U13 boys at our last game of the playoffs...we finished 3rd in the league and lost by one run in the “A” side finals then ended up losing in the “B” side finals to the team we had beat the day before. The coaches and players worked hard and put in lots of time practicing to improve so much as a team. Head coach Darren and assistant coaches Aaron and Damian were such great coaches for the boys. It was a fun season.”
